Sometimes cars are parked along the street and you have to step out from in between 2 parked cars. Explain why is it so dangerous to walk out from between parked cars?

Walk This Way

30 points

Sometimes cars are parked along the street and you have to step out from in between 2 parked cars. Explain why is it so dangerous to walk out from between parked cars?

Answer:

The cars are blocking you so that other drivers can not see you and it is hard to see what is going on in the street
